QES Highlighted Technical & Professional Service Partners

Bring AI/ML/NLP Processing to the Edge

Edgetide – Orden is Edgetide's advanced analytics and big data processing solution available at the edge for disconnected or connected edge artificial intelligence/machine learning.

Enable Enhanced Security Layers & Controls

TDi Technologies – Our partner TDi Technologies provides a Snowball-ready or enterprise version of their ConsoleWorks product, able to operate connected or disconnected.

ConsoleWorks expands on the existing end-to-end security and advanced system administration functions standardizing access and management controls.

Global Anywhere Services to Meet the Mission

By Light / Phacil – QES has strategically partnered with By Light / Phacil to provide a wide range of service and support operations for large scale and Government missions. Their breadth of capabilities augments our team to best serve the Defense & Intelligence, National Security / Law Enforcement, and other Federal, State, or Local customers. With highly technical, security cleared and globally deployed personnel, our partnership can support your mission anywhere.
